

Campus Accessibility Map

The goal of Student Accessibility Support is to give students with physical, cognitive, and psychological conditions the best chance at academic excellence. The Student Affairs Office (SAO) is here to help with accessibility support, both in and out of the classroom.

Students who need accessibility support on campus can submit their accommodations requests to accessibility@yale-nus.edu.sg. There are designated accessibility suites available in each Residential College for students with mobility limitations. Additionally, there are ramps and tactile flooring throughout much of the campus. Campus accessibility tours can also be requested through the SAO Office.

Legend

How to Read this Map

1 Accessible (All Gender) toilet can be found at this location on Level 1

Toilets

- All Gender

Parking

Parking is available at the Stephen Riady Centre basement carpark, located at 2 College Ave West, 138607. The carpark operates on an automated parking system using Electronic Road Pricing (ERP)

Getting Around NUS

NUS provides shuttle bus transit free of charge between UTown and Kent Ridge Campuses. All internal shuttle buses are wheelchair accessible and can be boarded from the CREATE building in the Town Plaza.

Students may also request use of the NUS accessible van service for complimentary transportation to and from classes on the Yale-NUS and NUS UTown campus. Students may arrange for these services through the NUS Student Accessibility Unit (SAU) at osayyya@nus.edu.sg.
