

## DDP Law and Liberal Arts Capstone Presentations

25 March 2022  
Yale-NUS College  
Elm Rector's Commons

The capstone presentations provide an opportunity for DDP Law-Liberal Arts students in their final year to share their research with faculty and peers. The presentation constitutes 20% of the final assessment. Each capstone student has up to 18 minutes for presentation and 12 minutes for questions and answers.

The total time for each presentation is strictly 30 minutes. A buffer of five minutes between each presentation is provided in the timetable to account for the transition between presenters.
